

日本の大学によるベトナムへの協力

(記入フォーム2: 英語又はベトナム語) 以下に記入ください。(記入内容のボリュームは問いません。複数行になっても結構です)

Number	University in Japan	Office in Vietnam	Institutions in Vietnam (● : In case of the agreement signed)	Fields	Cooperation	Results and future plan	Documents	HP	Remarks
1	Hokkaido University		VNU University of Science●	Science, Informatics, Environmental science, Engineering	Joint Research, Student Exchange, Faculty Exchange	We have been conducting research and student exchanges since MOU was concluded in 2013.			
2	Ibaraki University (Mito City, Ibaraki Prefecture)		Vietnam National University ●	Climate Change	Others	Vietnam Japan University opened in September 2016. Ibaraki University cooperates fully with the administration and education of the program of Climate Change and Development that begun since September 2018 as a organizer school of that program. We will accept around 20 master's students each year in Hanoi.		http://vju.vnu.edu.vn/	
			Institute for Northeast Asian Studies ●	Sustainability Science	Joint Research	In 2015, concluded a collaboration agreement with		http://www.inas.gov.v	

						Institute for Global Change Adaptation Science Research Organization (ICAS) in Ibaraki University. We have been participating in the international symposium at the institute and field surveys. Researchers at the institute have also visited Ibaraki University and made a presentation. We will collaborate researches especially in the field of humanities and social sciences.		n/	
			Hanoi University ●	Humanities and Social Sciences		College of Humanities and Social Sciences concluded an academic exchange agreement and a student exchange agreement in March 2019, asking for a short-term Vietnamese language training program (1 week or 10 days). In June 2019, President of Hanoi University visited Ibaraki University. He talked with the president and the		http://www.hanu.vn/vn/	

						dean of college of humanities and social sciences and exchanged opinions positively about future cooperation.			
			VNU University of Science, Vietnam National University, Hanoi •	Engineering	Student Ex.	In 2014, the Faculty of Engineering, Ibaraki University has signed an exchange agreement with University of Science, Vietnam National University, Hanoi. The seminar which is held in the Ibaraki University every year and 23 students has participated since 2014. Also, we plan to dispatch students of Ibaraki University to University of Science, Vietnam National University, Hanoi are underway this year, and student exchange is planned to continue in the future.			
3	University of Tsukuba (Tsukuba City, Ibaraki)	Vietnam-Japan University, Vietnam National University,	Vietnam-Japan University, Vietnam National University, Hanoi•	Public Policy	Others	Vietnam-Japan University, Vietnam National University, Hanoi was established in September 2016. University of Tsukuba operates the Master's Program in Public Policy as a		http://vju.vnu.edu.vn/en	

		Hanoi (established in September, 2016)				coordinating university of the program, cooperating with partner universities.			
4	National Graduate Institute for Policy Studies (GRIPS)	—	Central Committee of Organization(CCOP) the Communist Party of Vietnam, Ministry of Natural Resources and Environment(MONRE)	Public Policy	Short and Mid - term training program	As a part of non-degree programs, GRIPS has been organizing short and mid-term training program for National Leaders, Local leaders and government officials of Viet Nam. From 2019, we also provide short and mid-term training program for JICA technical cooperation program “Viet Nam Strategic Executive Training”.		http://www .grips.ac.jp /jp/training /	
5	Keio University Law School	KEIGLAD Research Office at Hanoi Law University	Hanoi Law University •	Law	Joint Research Student Exchange Faculty and Staff Exchange	An Office was established in December 2018, and a dual degree program was launched in May 2019. We now plan to promote this program taking the needs of HLU into consideration.		http://keigl ad.keio.ac.j p/en/	
6	Teikyo University	Teikyo University Hanoi Branch	Vietnam National Children’s Hospital	Medical	Collaborative investigations/ Mutual co-operation	1. Teikyo University Hanoi Branch “Memorandum of Understanding” for	ADC Letter Vol. 5 No.2 2018 7.1	https://ww w.teikyo-u. ac.jp/englis h/	

			(VNCH) (●) National Hanoi Medical University (●)		and exchanges	establishment of Teikyo University Hanoi Branch in the hospital of Vietnam National Children's Hospital was signed between Dr. Yoshihito Okinaga, Chairman/President of Teikyo University and Le Than Hai, Director/Professor of the National Children's Hospital on August 21, 2018, and The signing ceremony was held. Prof. Kazuo Suzuki became the first director of the Hanoi Branch.	Vol. 6 No.1 2019.1.1.		
						2. Scholarship for Ph. D. students by the Ministry of Education, Culture, Sports, Science and Technology in Japan (MEXT), 1) Nguyen Thu Thuy: In September, 2018, Ms. Nguyen Thu Thuy received the degree of Medical Doctor Ph.D. 2) Tran H Dat: In September, 2019, Tran H D			

						PhD Student will be scheduled to receive the degree of Medical Doctor Ph.D.			
				Medical .	Mutual co-operation and exchanges	3. Medical students training Infectious diseases in Vietnam. ‘Infectious Disease Trainings in Vietnam’ have been carried out for Teikyo Medical 5th grade students. 7 students in 2016, 9 in 2017, and 11 in 2018 and 6 in 2019.			
				Medical .	Mutual co-operation and exchanges	4. Sakura Science Plan We have the “Sakura Science Plan” as “Japan-Asia Youth Exchange Program in Science” supported by JST (Japan Science Technology Agency) and AMED. They are active physicians and researchers in Vietnam. They participated in the trainings on the themes of ‘Infectious Diseases’, ‘Safety Management’, ‘Biosecurity’. They had a tour around Teikyo University, Teikyo Hospital,	ADC Letter Vol. 6 No.1 2019.1.1	https://www.teikyo-u.ac.jp/english/ ADC HP	

			e-ASIA Joint Research Program (JST/AMED)			and Japan Tuberculosis Institute and International St. Luka Hospital to learn and practical works. They also exchanged with teaching staff and students. 2015 November 16 - December 4: 6 visitors 2017 October 16 - 24, 2017: 6 visitors 2018 October 29 - November 7: 8 visitors 2019 October 28 - November 6: 8 visitors			
				Medical	Collaborative investigations	5.e-ASIA Joint Research Program In 2014 - 2017, the collaborative research aims to control pulmonary diseases infected with influenza virus and Mycobacterium in Japan, Vietnam and Philippine according to molecular epidemiology and elucidation of severity of these diseases in laboratories through exchange			

						program on scientists and education. e-ASIA Project Symposium on ‘Infectious Diseases associated with Ebola virus, Influenza and TB in Asia countries. 2014: History of infectious disease in Japan 2015: Infectious Diseases associated with Ebola virus, Influenza and TB in Asia countries. 2016: Project results 2017: Mycobacterium research in three countries On May 29, 2018 Seminar in ‘International Activities of AMED’ was held at the Japan Embassy in Hanoi, Vietnam. More than 30 Vietnamese medical researchers gathered on the day.			
						6.Medal and Visiting Professor Kazuo Suzuki: People’s			

						Medal for Health (November 4, 2016) Kazuo Suzuki: Visiting Professor in National Children's Hospital Research Institute			
			Vinmec Research Institute of Cell and Gene Technology	Medical	Collaborative investigations	7. Stem Cell Transplantation Therapy Consortium In December in 2018, the collaborative research of “Stem Cell Transplantation Consortium” started. Prof. Nguyen Thanh Liem, who is the director of Vinmec Research Institute of Cell and Gene Technology performed the clinical researches for cerebrate palsy using stem cell transplantation, resulting in good recovery. He received the 23rd Nikkei Asia Award in June 2018. We will co-operate further in scientific analysis for the elucidation of the recovery with stem cell transplantation shared in the knowledges to endure international evaluation.			

7	Kanto Gakuin University		Vietnam National University, Hanoi University of Engineering and Technology	Civil Engineering	Collaborative Program	Kanto Gakuin University (KGU) supports the newly established Civil Engineering Department at the Vietnam National University, Hanoi, University of Engineering and Technology, which is a partner school. In preparation for the establishment of a major subjects program, KGU will cooperate in the development of a curriculum, faculty training in the field of civil engineering, and the development of experiments and training systems. Through the support, KGU will contribute to improvement of the technical skills of the construction industry in Vietnam and development of human resources to support construction technology.			
			ForeignTrade University	Business Administration	Collaborative Program	Kanto Gakuin University is in charge of core curriculum “Advanced Undergraduate program in Japanese styled International Business” aimed			

						to learn Japanese style management that is started on September 2017 by Foreign Trade University (FTU) and Vietnam-Japan Institute for Human Resources Development(VJCC), Hanoi, Vietnam. Through dispatching faculties and developing educational program collaborated with Japanese-owned companies in Vietnam, we are trying to develop human resources to contribute for the economic development between Japan and Vietnam.			
8	Yokohama National University (79-1, Tokiwadai, Hodogaya, Yokohama, Kanagawa, Japan)		●University of Transport and Communications	Engineering	Academic Exchange Agreement (2008)	● Double Degree Program			https://www.ynu.ac.jp/english/
			●Vietnam International Education Development of the Ministry of Education and Training		Academic Exchange Agreement (2012)				
			●University of Economics	Economics,	Academic	● “English Discussion			

			and Business Vietnam National University, Hanoi	Business Administration	Exchange Agreement (2012)	Program “ for the Global Business and Economics education program, established in April 2017			
			●Foreign Trade University		Academic Exchange Agreement (2013)				
			●Vietnam National University, Hanoi		Academic Exchange Agreement (2015)				
			●Vietnam Japan University	Business Administration	Academic Exchange Agreement (2017)	● Coordinating University for the Master Program in Business Administration			
			Vietnam Normal University	Education		● Cooperation on introduction of playing musical instruments to the primary and secondary music classes in Vietnam (Edu-Port Japan Project)			
9	Nagaoka University of Technology	Nagaoka University of Technology Hanoi Office	Hanoi University of Science and Technology●	Engineering	Joint Education Program	Hanoi University of Science and Technology (HUST) accepted the first cohort of the Twinning Program (TP) students in 2003 upon	01e-9-Nagaoka University of Technology		

	(Nagaoka, Niigata)	at Hanoi University of Science and Technology (established in February, 2005)				establishment of the Agreement for the Twinning Program between the two universities. The first cohort of the TP students enrolled in the third year of undergraduate program at Nagaoka University of Technology (NUT) in 2005. Japan Universities Consortium for International Twinning Program (JCT) including NUT (participation of 7 member universities as of 2019) has accepted 135 TP students by 2019.			
			Hanoi University of Science and Technology●	Engineering	Joint Education Program	NUT and HUST established the Agreement for the Double Doctoral Degree Program (DDP) in 2014. NUT accepted one DDP student from HUST in 2015 and dispatched one DDP student to HUST in 2016.			
		Hanoi University of Science and	Hanoi University of Science and Technology		Joint Research	Centre for rubber science and technology (CRST) was established in April 2016 at Hanoi University of Science		http://www.jst.go.jp/global/kadai/h2207_viet	

		Technology/ Rubber Research Institute of Vietnam (established in April, 2016)				and Technology (HUST). It is managed jointly by directorate of both the professor of Nagaoka University of Technology (NUT) and the associate professor of HUST who has received his doctorate in engineering from NUT. Various kinds of equipment such as NMR spectrometer, FT-IR spectrometer, UV/Vis Spectrometer, GPC, Universal Tester, Dynamic Mechanical Analyzer, Internal mixer, Rotorless Rheometer, Mooney Viscometer, and Test Plant for Purification of Natural Rubber have been installed in CRST under a support of the JST-JICA SATEPS program, since a project “Establishment of Carbon-Cycle-System with Natural Rubber(ESCANBER)” had been adopted by JST-JICA STEPS in 2010 and was undertaken between Vietnam and Japan from 2011 to 2015.		nam.html	
--	--	---	--	--	--	--	--	--------------------------	--

						These kinds of equipment are being managed by two lecturers of HUST who received their doctorates in engineering from NUT, respectively. In addition to the ESCANBER project, since 2016, the CRST launched out into not only collaborative research works with producers of rubber products such as tire, engine mount and so forth but also technical training onto academic staff of national universities and national institutes in Laos, Cambodia and Myanmar. Furthermore, the CRST plays an important role as a core institute for science and technology of natural rubber to establish new ISO standard with Thailand and Malaysia. The CRST is also planning to apply for projects to the JST programs in fiscal 2019.

11	Japan Advanced Institute of Science and Technology (Nomi City, Ishikawa)	-	University of Transport and Communications	Engineering	Joint Research	Since we concluded MoU in 2015, we have worked in close cooperation with University of Transport and Communications in research collaboration or student exchange. In May 2019, Prof. Hideyuki Murata of our institute was awarded “the Medal for the Cause of Education” by Ministry of Education and Training of Vietnam for his			

						contribution to the educational cause of Vietnam in general and the educational development of the University of Transport and Communications.			
		-	Vietnam National University, Hanoi (VNU)	Engineering	Joint Education Program	Since we concluded MoU in 2004, we have worked in close cooperation with VNU in research collaboration or student exchange. We also concluded MoA on Collaborative Education Program for Master's students with University of Engineering and Technology (UET) (VNU's member university) in 2013. When the program students of UET complete the program, Master's degree of our			

						institute is awarded. As the result of current and past programs, 66 students entered to our institute.			
12	Gifu University (Gifu City, Gifu)	-	Hanoi University of Science and Technology	Cover all fields (with a special focus on engineering)	Student Exchange Faculty Exchange	Agreement for an Exchange Program between Hanoi University of Technology and Gifu University was signed in 1998. After years of mutual exchange, the two universities began the Twinning Program in 2003 under which a student can obtain a bachelor's degree from both universities after completion of the program.		https://hust.edu.vn/en/	
		-	Thuyloi University	Agriculture	Student Exchange Faculty Exchange	Memorandum of Understanding between Thuyloi University and the United Graduate School of Agricultural Science, Gifu University was signed in 2015. The two universities are currently carrying out the Sandwich Program under which a student engages in his/her research as a special research student for six months.		http://en.tlu.edu.vn/	
13	Đại học tổng hợp Nagoya (Thành phố Nagoya, tỉnh Aichi)	Trung tâm đào tạo và nghiên cứu Luật Nhật Bản (Tháng 9 năm 2007)	Đại học Luật Hà Nội (có hiệp định)	Luật học	Joint Education Program	Sau khi kí kết hiệp định hợp tác, giao lưu học thuật năm 1999, hai trường đã thực hiện nhiều hoạt động giao lưu giữa sinh viên, trao đổi nghiên cứu. Tháng 9 năm 2007, trường Đại học Nagoya hợp tác với trường Đại học Luật Hà Nội,		http://cale.law.nagoya-u.ac.jp/	

						thành lập Trung tâm đào tạo và nghiên cứu Luật Nhật Bản để thực hiện công tác đào tạo Luật Nhật Bản bằng tiếng Nhật. Trung tâm đào tạo nguồn nhân lực có vai trò cốt cán trong việc cải cách luật pháp của Việt Nam, nguồn nhân lực là cầu nối giữa hai nước Việt - Nhật. Đến nay đã có 82 sinh viên tốt nghiệp.			
		Văn phòng đào tạo tiến sĩ từ xa châu Á, trụ sở tại Việt Nam (tháng 9 năm 2014)	Cán bộ, lãnh đạo trong chính phủ Việt Nam	Luật học	Others	Tháng 9 năm 2014, thành lập văn phòng đặt trụ sở trong trường Đại học Luật Hà Nội. Đã tiếp nhận hai học viên, trong đó một học viên đã hoàn thành chương trình vào tháng 9 năm 2017.		http://asci.nagoya-u.ac.jp/	
14	Kyoto University (Kyoto City, Kyoto Prefecture)	Kyoto University-Hanoi University of Science and Technology Research and Education	Hanoi University of Science and Technology	Environmental Studies, Engineering	Joint Education Program	Achievements include: - The conclusion in 2007 of a general memorandum for academic cooperation and exchange between four departments of KU and four departments of HUST. - The establishment of the KU-HUST Research and Education Program for		https://www.kyoto-u.ac.jp/en	Ongoing student exchanges, faculty exchanges, joint research, and joint programs.

		Program for Environmental Studies (KU Graduate School of Global Environmental Studies' Hanoi Office for Education and Research Activities) (established in December 2008)				Environmental Studies in 2008. - The conclusion in 2009 of a general memorandum for academic cooperation and exchange between KU and HUST. - The conclusion in 2012 of a student exchange agreement between KU's GSGES and HUST's INEST. (The agreement enables tuition exemption for exchange students.) - Hosting master's students, doctoral students, and young researchers from HUST, providing Japanese students with internship opportunities at HUST, and operating several short-term exchange programs, international symposia, etc. - Development of student exchange, researcher exchange, and research collaboration through the following programs:			
--	--	--	--	--	--	---	--	--	--

						- The Environmental Leader Program of the Strategic Funds for the Promotion of Science and Technology (2008–2012) - MEXT Program for Enhancing Systematic Education in Graduate Schools (2009–2011) - The JSPS Core-to-Core Program (2013–2015 and 2016–2018) - Budget for the Enhancement of University Functions (2015–2021) - Exclusive office, laboratory, and permanently stationed staff. - On May 3, 2016, the office was visited by Mr. Hiroshi Hase, Minister of Education, Culture, Sports, Science and Technology. - The office will continue to play a key role in education and research activities.			
15	Đại học Ritsumeika	Văn phòng ASEAN	Đại học ngoại thương●		Others	Với mục tiêu tăng cường giao lưu con người và hiểu biết		http://ritsu.mei.edu.vn	

	n (Kyoto)	trường Đại học Ritsumeikan (Tháng 3/2018)				song phương giữa hai nước Việt Nam - Nhật Bản, chúng tôi đã lập ra văn phòng Việt Nam - trường Đại học Ritsumeikan tại Hà Nội vào tháng 3 năm 2018. Song song với việc truyền tải thông tin thu hút du học Nhật Bản là việc mở rộng tiếp nhận du học sinh nước ngoài từ Việt Nam đến với trường Đại học Ritsumeikan, liên kết với các trường đại học của Việt Nam, tăng cường mạng lưới hữu nghị với các trường đang hoạt động ở Việt Nam cũng như các doanh nghiệp Nhật Bản. Vào tháng 8 năm 2020, Văn phòng Việt Nam được đổi tên thành Văn phòng ASEAN - Đại học Ritsumeikan, với mục tiêu nâng cao sự hiện diện và xây dựng sức mạnh thương hiệu của Đại học Ritsumeikan trong khu vực ASEAN.		/	
		Higher Education Developmen	Đại học bách khoa Hà Nội●	IT	Joint Education Program	Chúng tôi đã thực hiện "Chương trình phát triển nguồn nhân lực công nghệ			

		t Support Project on ICT (HEDSPI) (Năm 2006)				thông tin Việt Nam" tại trường Đại học Bách khoa Hà Nội (2006-2014). Với tư cách là sứ mệnh của JICA và JBIC, dự án này mang mục đích đồng góp vào sự phát triển giữa hai nước Việt Nam - Nhật Bản dựa trên việc nuôi dưỡng nhân tài công nghệ thông tin cấp cao dẫn đầu nền công nghệ thông tin hóa tại Việt Nam. Bắt đầu chương trình giáo dục công nghệ thông tin cấp cao theo chương trình học của Nhật Bản tại trường Đại học Bách khoa Hà Nội từ năm 2006, từ năm 2009 đến nay chúng tôi đã tiếp nhận 10 du học sinh khoa Khoa học thông tin và kỹ thuật, trường Đại học Ritsumeikan và 10 du học sinh Khoa thông tin môi trường, trường Đại học Keio.			
		Đại học quốc gia Hà Nội, Trường Đại học Việt Nhật	Đại học Việt Nhật - Đại học quốc gia Hà Nội●	Khoa học môi trường	Others	Với tư cách là trường đại học chủ chốt của chương trình thạc sỹ kỹ thuật môi trường, chúng tôi đang vận hành chương trình liên kết với Đại học			

		(Tháng 9/2016)				Tokyo tại trường Đại học Việt Nhật từ tháng 9 năm 2016.			
16	Kansai University		Foreign Trade University	Business and commerce	Joint Education Program	We have implemented Problem-Based Learning program (PBL) since 2018 academic year to find problems of local life and work on a solution for promotion of family businesses through fieldwork with Foreign Trade University students such as interviewing people engaged in suburban Hanoi local industry.			
17	Nara Institute of Science and Technology (NAIST) (Ikoma-city, Nara Prefecture)		Institute of Biotechnology, Vietnam Academy of Science and Technology● Hanoi University of Science, Vietnam National University● Institute of Materials Science, Vietnam Academy of Science and Technology● University of Engineering and Technology, Vietnam National University●	Information Science Biological Science Materials Science Interdisciplinary research areas of These Fields	Joint Research Student Ex. Faculty Ex.	Based on our agreements with various Vietnamese partner universities, NAIST have active relationships including joint research, and student and faculty exchange. Major activities in 2018 were: -NAIST faculty members conducted international research activities with researchers of Institute of Biotechnology, Vietnam Academy of Science and		http://www.naist.jp/en/international_activities/	

			Institute of Information Technology, Vietnam Academy of Science and Technology● University of Science and Technology of Hanoi●			Technology. -NAIST accepted over 20 international students from Vietnam for the academic year. - NAIST faculty members, including the Executive Director/Vice President, and students visited Vietnamese partner institutions to introduce our education and research activities. (University of Technology of the University of Danang, Hue University of Sciences, Institute of Biotechnology, Vietnam Academy of Science and Technology, Hanoi University of Science, Vietnam National University)			
18	University of Hyogo (Kobe, Hyogo)	—	・The VNU-ULIS Foreign Language Specialized School●(2018.12) ・University of Education, Vietnam National University●(2019.2) ・The HNUE-High School for Gifted Students●	—	Others	In April 2019, University of Hyogo has established School of Economics and Management, which offers “Global Business Course (GBC)”. In order to recruit excellent students for GBC, we have signed			

			(2019.4) • Nguyen Tat Thanh Lower and Upper Secondary School●(2019.4)			“Memorandum of Understanding” with several institutions. We are expecting Vietnamese students recommended by each institution in September 2019.			
19	Yamaguchi University (Yamaguchi City and Ube City, Yamaguchi Prefecture)	Yamaguchi University International Collaboration Office, Hanoi (YUICO, Hanoi) (established in March, 2019)	Vietnam National University of Agriculture	Agriculture, Veterinary Medicine	Student Ex. Faculty Ex.	Since Yamaguchi University (YU) concluded a university level MOU with VNUA in March 2012, short-and long- term student and researcher exchange have been conducted mainly at Joint Faculty of Veterinary Medicine and Graduate School of Sciences and Technology for Innovation (Agriculture). Especially, Dr. Masayoshi Shigyo, Graduate School of Sciences and Technology for Innovation (Agriculture) has been collecting and surveying cucurbitaceous vegetables (cucumber, squash) as an advisor of the framework construction project about the	01e-18-Yamaguchi University		

						acquisition of overseas genetic resources in response to climate change etc. conducted by Ministry of Agriculture, Forestry and Fisheries of Japan in cooperation with VNUA. In addition, 10 alumni who received degree from YU Graduate School now work at VNUA, which shows that these alumni have been playing an important role as a bridge between YU and Vietnam. YU is aiming to establish collaborative projects, making use of such alumni network in the future.			
20	University of East Asia (Shimonos eki, Yamaguchi)		National Museum of Vietnamese History	Archaeology	Joint research at Luy Lau site	In 2013, University of East Asia and the National Museum of Vietnamese History concluded an academic exchange agreement. Since then, the Japan-Vietnam Joint project has been promoting inter-disciplinary research at Luy Lau site. We renewed the agreement in 2018, and we are		https://www.toua-u.ac.jp/ 国際共同研究プロジェクト	

						continuing research to get a better understanding of Vietnamese history for the next five years.			
21	Nagasaki University (Nagasaki City, Nagasaki)	Nagasaki University Vietnam Research Station (established in March, 2006)	National Institute of Hygiene and Epidemiology (NIHE)	Medical science	Joint Research	Nagasaki University and NIHE concluded an agreement on academic cooperation in June 2001. The Vietnam Research Station was established in March 2006 under "J-GRID" research program. NU and NIHE are continuing collaborative research and making significant achievement. As an example, NU and NIHE confirmed the association between Zika virus infection and microcephaly in Vietnam. VRS is used not only for research activities, as well as development of young researchers and utilization as a place for student practice.		http://www. .tm.nagasa ki-u.ac.jp/v ietnam/	
22	The University of Electro-Co		Le Quy Don Technical University●	Engineering	Others	UEC signed the cooperation agreement and cohosted the second “UEC Seminar in Vietnam” with Le Quy Don			

	mmunications (Chofu, Tokyo)					Technical University in 2016. In 2019, UEC cohosted "The 5th UEC Seminar in ASEAN, 2019" with Le Quy Don Technical University. This seminar is held annually in ASEAN with many participants from UEC's overseas partner institutions, governmental office, and companies.			
			Le Quy Don Technical University● VNU University of Engineering and Technology● National Hospital of Tropical Diseases● Hanoi University of Science and Technology●	Engineering	Others	The four institutions in Hanoi and UEC signed the agreement on "The Global Alliance Lab (GAL) " in January 2019, with the aim of promoting international joint research and global education between the institutions. In March, a kickoff meeting was held at Le Quy Don Technical University, and the HanoiUs-UEC GAL opening ceremony was held during "The 5th UEC Seminar in ASEAN, 2019". UEC will promote further collaboration with the partner institutions			

						through the HanoiUs-UEC GAL.			
23	Kyoto Institute of Technology (Kyoto)	KIT International Academic Exchange Club Vietnam Key Station (Established in February, 2008)	Hanoi Medical University● Hanoi University of Science and Technology Institute of Chemistry, Vietnam Academy of Science and Technology National Institute of Medicinal Materials	-	Others	The Kyoto Institute of Technology International Academic Exchange Club is a global network organized by KIT's international students and graduates, faculty and staff of partner institutions, with liaison offices in 7 countries. Graduates of KIT (former international students) become its representatives (chairs) and serve as a bridge, holding social events among graduates from various places and providing information to students thinking about studying in Japan (8 offices established as of 2019). In Vietnam, the President of Hanoi Medical University (HMU), a KIT graduate, is serving as the chair. In addition to conducting international student alumni meetings on a regular basis, he also provides support in the		https://www.kit.ac.jp/en/former-student/kit-international-al-academi-c-exchange-club/	

						implementation of the Japan-Vietnam Joint Seminar (a seminar jointly held by KIT and Vietnamese partner institutions since 2003). Furthermore, student exchange and joint research has been conducted extensively with HMU. In 2014 (project period April 2014 – March 2016) and in 2018 (project period April 2018 – March 2021), when KIT was elected for the Asia-Africa Science Platform, one of the core-to-core program B of the Japan Society for the Promotion of Science, Hanoi Medical University has been participating as the partner institution of Vietnamese side.
